

On June 8, 2020, Plaintiff moved to proceed *in forma pauperis* (Doc. 19), but, instead of completing the AO 239 long form as directed by the magistrate judge using the website link provided to that form, she filed her motion using the AO 240 short form, which does not include all of the information needed to determine whether she should be allowed to proceed without prepaying court fees and costs. The court will not give Plaintiff another chance to comply with the undersigned's and the magistrate judge's orders and instructions, as she has already been given three opportunities to do so. Moreover, granting Plaintiff a further continuance to comply with the orders entered in this case would unnecessarily delay the resolution of the litigation. Rather than dismiss with prejudice the action as indicated in the court's prior order, though, it will dismiss without prejudice this action under Rule 41(b).

Accordingly, having considered Plaintiff's motion to proceed *in forma pauperis* (Doc. 19), the record, and Report, the court determines that the findings and conclusions of the magistrate judge are correct, and **accepts** them as those of the court. The court, therefore, **strikes** Plaintiff's motion to proceed *in forma pauperis* (Doc. 19) and **dismisses without prejudice** this action under Rule 41(b) for failure to comply with court orders and failure to prosecute. The court also **directs** the clerk of the court to term all pending motions.

It is so ordered this 11th day of June, 2020.

Sam A. Lindsay
United States District Judge
